GENERAL

Proceedings of the Government of Mysore,

READ—

Letter No. 725—Mis. A. M. 1899-1900, dated the 28th October 1899, from the Military Assistant to the Government of Mysore.

I have the honor to acknowledge receipt of your docket No. 3775—Mis. 993 of the 9th September last and to reply as follows :—

2. *Query I.*—To save trouble in keeping the returns relating to missing cattle, it has been found expedient to strike them off when missing for more than a couple of years. When any such losses can be traced to carelessness on part of the Servegar, he is made to pay the cost of the lost cattle. When lost cattle are found, they are again brought on the strength. It will be noticed that in the period under discussion 14 head were struck off and 10 brought on the books.

3. *Query II.*—The Amrut Mahal cattle are, with few exceptions, unbroken ; they cannot, therefore, as a rule, be brought into district head-quarters for sale.

4. The usual method has been to address District Officers regarding likelihood of sale, and acting on their suggestions.

5. When sales are thus arranged, the Officers are asked to advertise the sale to the raiyats throughout the district.

6. If, however, Government wish that surplus cattle selected for sale should be advertised in the *Mysore Gazette*, this shall be done.

7. *Query III.*—These kavals are reserved for lease to raiyats under the recommendation of the Revenue Department.

8. *Query IV.*—The realizations "Minor Forest Produce" in the Amrut Mahal kavals, have (only since 1893) been credited to the Forest Department in accordance with the instructions contained in the Proceedings of Government No. 9966-75—R. F. 98-93 of the 21st December 1893.

9. The sum of Rs. 106-4-0, which appears in the Demand Statement for 1894-95, forwarded with the Annual Report for that year, on account of "Minor Forest Produce" was erroneously credited by the Revenue Department to the Amrut Mahal Department.

10. *Query V.*—The decrease of revenue is under the head "Sale of cattle" and "Terige realizations."

11. *Query VI.*—The outstanding balance due has already received attention. Copy of the Comptroller's reply to a reference made to him on the subject is enclosed for information.

12. *Query VII.*—The details of the expenditure are :—

		Rs.	a.	p.
Pay of Superintendent	...	6,088	11	4
Pay of office establishment	...	4,329	12	0

Travelling allowances	...	890	7	10
Contingencies	...	1,161	3	0
Total	...	28,530	3	3

13. *Query VIII.*—The increase under this head is due to the prevalence of *Idoku* among the Amrut Mahal cattle during the year, *vide* details noted below :—

ENCLOSURE.

Letter No. 2005—575, dated 2nd—11th October 1899, from the Comptroller of Mysore, to the Military Assistant to the Government of Mysore.

With reference to your letter No. 472—Mis. O. 99-00, dated 14th September 1899, enquiring whether this office will take necessary action for recovery of the amounts due by Government officials on account of purchases made at Government sales, &c., I have the honor to state that such recovery from salary bills of Officers and their establishments—

(1) will necessitate maintenance of nominal rolls of those Officers and officials that are indebted to the Military Department both in the Treasuries of the Province and in this office, and record the recoveries therein as in the case of house-building advances;

(2) will add to transfer transactions of the Treasuries, which is not desirable and which the Civil Account Code discourages in almost all cases,

(3) will cause necessary entries being made by Treasuries and Heads of Offices in last-pay certificates granted to Officers and officials transferred to other districts.

2. All these will entail considerable labor and responsibility both on this office and on the Treasuries. I am therefore of opinion that it is not desirable to introduce a new item of Debit Account in the General Accounts and Books of this office solely for the purpose of adjusting the personal debts of a few Officers and officials to whom Government is under no obligation to sell on credit, their cattle or horses, but is pleased to afford such credit as a mere concession. If, in the course of collecting these debts, any defaults occur, you may, under a general or special authority of Government, call upon this office in case of Gazetted Officers whose bills are pre-audited by this office and on the Deputy Commissioners' concerned in the case of Officers and officials whose salary and pay-bills are post-audited to effect the needful recovery and remittance to your Department.

No. 3347-86—Mis. 725, DATED BANGALORE, 3RD SEPTEMBER 1900.

ORDER THEREON—Government are of opinion that surplus cattle selected for sale should be advertised in the *Mysore Gazette*, as this procedure will ensure better sales.

2. The credit of Rs. 106-4-0 on account of "Minor Forest Produce" stated to have been erroneously given to the Amrut Mahal Department, instead of to the Forest Department in the year 1894-95, should now be rectified.

3. When public servants, who make purchases of bullocks, &c., from the Amrut Mahal Department, fail to pay within the time allowed, the Military Assistant may apply to the Comptroller to instruct the Treasury Officer concerned to make stoppages out of salaries till the debt is liquidated, this being made an express condition of such sales on credit.

(3) Letter No. 141, dated 22nd August 1900, from the Deputy Commissioner, Hassan district, submitting the report called for.

(4) Letter No. 3671, dated 23rd August 1900, from the Chief Engineer of Mysore.

No. 3718-9—Mis. 815, DATED BANGALORE, 7TH SEPTEMBER 1900.

ORDER THEREON—The papers read above contain reports of an accident resulting in the loss of several lives which occurred on the 1st August last while the Kalyani (stone-faced pond) at Sravanabelagola in the Channarayapatna taluk of the Hassan district was under repair. Silt was being removed from the pond and thrown on the outer side thereof, when, all of a sudden, a portion of the parapet wall gave way and came down upon the coolies working in the pond. Twelve persons were killed on the spot, and 22 injured, of whom 12 more are reported to have since died and two to be in a precarious condition, leaving eight who are likely to recover. The Deputy Commissioner, the Executive Engineer and the Assistant Surgeon immediately proceeded to the spot, made the necessary enquiries and attended to the treatment of the injured.

2. The Chief Engineer is of opinion that the wall collapsed owing to its being too weak to resist the pressure of the moist silt that had been deposited against it, that the omission to throw the silt at a distance from the wall was in consequence of the additional cost involved, and that, although the omission was an error of judgment on the part of the Public Works Sub-Division Officer in charge of the work, still it was one which might have been committed by anybody as the accident was not such as could have been foreseen.

3. In placing on record their great regret for the sad accident that has occurred, Government observe that it is admitted that this was not the season for carrying out the work and that it was taken up to relieve distress. Greater precautions were, therefore, necessary to avoid risks. The want of proper judgment and caution on the part of the Public Works Sub-Division Officer to cause the removal of silt to some distance is very much to be regretted, for, if that had been done, this terrible accident, resulting in the death and injury of so many persons would in all probability have been avoided.

The following letter No. 2373—225, dated 7th January 1899, from the Inspector General of Police in Mysore :—

Adverting to correspondence ending with Government Proceedings No. 13511-13—P. & A. 1615, dated 18th June 1897, I have the honor to bring to the notice of Government the utter inadequacy of the amount of daily batta of an anna and a half allowed to Special Reserve constables when sent out on duty. These men, being entire strangers to the district, do not receive any help and could not possibly live on 1½ annas a day. Large advances are given them from office contingencies and the batta they get goes only half way to recoup the advance, and the balance is deducted from their pay. It is hard that the men should suffer in their pocket on account of the exigencies of the public service.

2. I would accordingly recommend the grant of batta to the Special Reserve constables at 3 annas per day for maidan, and 4 annas per day for malnad, and request that the same may be sanctioned, with retrospective effect, from the 1st November 1898, in order that the men who were detailed on special duty to Seringapatam and Chikballapur may draw the enhanced rate of batta.

No. 3821-22—P. & A. 426, DATED BANGALORE, 11TH SEPTEMBER 1900.

ORDER THEREON—As recommended by the Inspector General of Police, a batta of 3 annas per day for maidan, and 4 annas per day for malnad, is sanctioned for Special Reserve constables deputed on special duty.

Government Proceedings No. 14956-91—P. & A. 1217, dated 16th May 1898, ruling that the concession of allowing additional travelling allowance when travelling in the malnad granted in para 3 of Government Proceedings No. 8369-404—P. & A. 39-93, dated 20th January 1893, is only admissible in the case of officers living in the semi-malnad taluks such as Heggaddevankote and Hunsur, and not to those visiting them temporarily on duty.

2. Letter No. 70 (Camp), dated 4th November 1893, from the Conservator of Forest in Mysore, representing that the interpretation of the rules regarding malnad allowances contained in the above read Proceedings appears somewhat hard on controlling and inspecting officers visiting semi-malnad taluks, on duty.

No. 4124-63—P. & A. 453, DATED BANGALORE, 15TH SEPTEMBER 1900.

ORDER THEREON—Government are of opinion that in regard to the question of the rates of travelling allowance to officers who travel, but do not live, in semi-malnad taluks, the rule prevailing in the Public Works Department (*viz.*, not to grant any additional rates in such cases) should be adhered to.

ORDER THEREON—Since the passing of the above Order, Government have received several representations tending to show that, in the case of Departmental Reports based chiefly on information derived from District Reports and Returns, the interval allowed for preparation is not quite sufficient. Letter No. 281, dated 18th September 1900, from the Deputy Commissioner, Mysore District.

I have the honor to bring to the notice of Government that the prevalence of plague at Mysore and the abnormally high prices ruling in the markets have subjected the poorer classes of people to great distress though not to actual starvation, and the havoc committed by this fell disease is in a considerable degree attributable to the unwholesome and insufficient food upon which these classes have to sustain themselves for want of a proper means of livelihood. The adoption of some measures for the relief of the distressed seems to be urgently called for. I beg accordingly to recommend that the filling in of Purniah's Nala near the Mochi Ghat in the Mysore City may at once be taken on hand as a very suitable work as the same will not only afford help to those who are really in need of it but will also prove a good sanitary improvement. I request that you will be so good as to obtain early sanction of Government for the work being started, and for an advance of Rs. 5,000 being placed at my disposal. It is estimated that about 2,000 persons may resort to the work. In paying wages to the coolies the rates prescribed in the Famine Code will be adhered to.

2. I beg also to submit the case of the weavers of the city for the most favorable consideration of Government. Their industry has suffered owing to the partial failure of the monsoons and the disastrous effects of plague. They cannot find demand for their cloths here nor can they go about selling them in out-stations as the villagers refuse to admit them for fear of the plague-infection being spread. This class stands in need of some help from Government and I solicit that a sum of Rs. 3,000 may kindly be placed at my disposal for the purpose.

3. The amount will be utilized for granting advances to indigent weavers according to actual requirements to enable them to carry on their industry. The ready-made cloths for which no sale has been found by them will be purchased by Government at the usual market rate. In the case of those having no capital to carry on their trade, advances will help them to manufacture cloths which will be purchased by Government as above. The weavers will further be subjected to the condition of re-purchasing on the return of a prosperous season such of the cloths supplied by them as may then remain unsold in the hands of Government. Efficient arrangements will be made for the cloths received from the grantees of the advances being sold to the best advantage through a competent broker.

No. 17-18—DATED CAMP, MYSORE, 19TH SEPTEMBER 1900.

ORDER THEREON—The Government approve of the Deputy Commissioner's proposals and are pleased to sanction an advance of Rs. 8,000 from the Local Funds General for the purposes referred to.

Letter No. 662, dated the 28th August 1900, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

In submitting herewith the budget estimate of the Plague Department for the month of September 1900, amounting to Rs. 40,751-8-0, I have the honor to state that the large increase over the budget for August, *viz.*, Rs. 27,752-6-10, is due mainly to the provision of Rs. 5,942 now made for the opening out of congested parts in the Bangalore City and of Rs. 20,000 for the demolition of houses condemned by the Health Officer in the Mysore City; and also to the increased expenditure under several heads in the Mysore City, owing to the increase of plague in that City. The first of these amounts, however, is proposed to be recovered from the City Municipality, Bangalore, as stated in my letter No. 655, dated the 27th August 1900, and the necessity for the provision of Rs. 20,000 made for demolition of houses in the Mysore City is clearly stated in my Inspection Notes, dated the 20th August 1900.

2 Deducting as usual the sum of Rs. 510, as per statement annexed, being the pay of officers and subordinates of the Revenue and Medical Departments, the estimated expenditure for September 1900 will amount to Rs. 40,241-8-0, including the provision of Rs. 30,942 for special sanitary charges in the Cities of Bangalore and Mysore as shown in the margin, thus reducing the expenditure on account of plague proper to only Rs. 9,299-8-0.

Letter No. (Camp) 9, dated the 12th September 1900, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward herewith copy of a Memorandum drawn up by me in consultation with the local officers regarding improving the sanitation of the Mysore City and to request the favor of your obtaining Government sanction to the arrangements therein referred to.

(ENCLOSURE TO THE ABOVE).

With a view to improve the sanitation of the Mysore City, it is necessary, first, to adopt the daily conservancy system without further delay. Steps should be taken to empty the existing privy pits, fill them with fresh earth and close them. In lieu of the pit system, daily conservancy will be introduced in accordance with the Bye-laws passed in 1898.

2. It is understood that the number of houses which have latrines with seats or platforms is about 2,232 and that of houses in which the pit system prevails is about 8,000. Also in houses in which privy seats are provided, the seats or platforms are too low to permit of a movable receptacle being placed under them, as prescribed by the Bye-laws. In such cases, persons who can afford to alter and adapt the existing platforms at their own cost should be made to do the work within a given time—in default, they should be rigorously subjected to the penalties attaching to the breach of the Bye-laws.

3. The Municipal authorities will at once proceed with preparing a list of houses and house-owners coming under this category. As regards the poorer classes, a list will be similarly prepared and in their case the work of filling up the privy pits and substituting platforms should be done at the cost of the Municipality. The Vice-President will be good enough to prepare a list of these houses showing the names of owners, cost of filling up pits and of putting up platforms within seven days from this date. Where pits are filled in, provision should be made for an outlet for the drainage that used to flow into the pit. The grant for V-shaped drains may be partially utilized for this work. Meanwhile he will start the work with the existing establishments.

4. It is understood that 70 additional scavengers have been engaged. These will be entertained as soon as they arrive, within seven days from this date.

5. *Night Soil Hand-carts.*—Forty extra carts may be purchased.

6. The privy pits to be filled are estimated to be 2,000 and the cost of filling, on an average, at Rs. 5 each. The work will be taken in hand at once, and completed within a fortnight. Rupees 5,000 will be placed at the disposal of the President for this work from Plague Funds, necessary provision being made for the sum in the budget for October 1900 with a view to adjusting the expenditure that may be incurred. The President expects to be able to finish the work within the limit allotted. The poorer classes will themselves do most of the work and the cooly paid to them will serve as a sort of relief at this time of distress. The distress is great and prices are still high. As in Bangalore, there is complaint of people suffering from insufficiency of food. This and other works of sanitation now ordered will thus be additionally beneficial to the people.

7. Twenty-one extra rubbish carts at Rs. 15 each to be employed.

8. A lump-sum of Rs. 5,000 will also be advanced from Plague Funds to be set apart for the construction of V-shaped drains, wherever necessary, on the condition that the amount be repaid when the general drainage scheme is sanctioned, or when a loan is raised by the Municipality.

9. It is desirable that to prevent over-crowding, persons dispossessed of their houses, owing to the opening out of the congested parts or their houses being condemned under the Plague Regulations, should be provided with building sites in suitable localities selected for each community. It is also desirable that sanitary houses should be built for them at a cost not exceeding the compensation awarded to them. The Deputy Commissioner will be so good as to consult the heads of communities and mark out the localities which each community may select. The localities so selected should be marked on a large scale map of the City and a sketch also should be prepared of the different types of houses pre-

posed to be built, giving the approximate cost for each type of house. Four such different kinds of houses were ordered by me yesterday at Chetnahalli Camp. It is needless to point out that before a place is assigned for building, the main streets and conservancy lanes should be marked on the ground. The Deputy Commissioner and President, City Municipality, may consult the Municipal Commissioners in deciding the locality which should be assigned to each community.

10. A small working committee should be appointed at once which should have charge of running up houses for the poorer classes displaced from the City with the money awarded to them as compensation. Non-officials, who are willing to render this service to the poor should be invited to sit on the committee.

No. Pg. 210-12, dated Bangalore, 15th September 1900.

I have the honor to forward herewith copy of a Memo drawn up in consultation with the Deputy Commissioner and the Chief Plague Officer, Mysore City, regarding the formation of wards, &c., and to request the favor of your obtaining Government sanction to the arrangements therein made.

2. The services of Mr. Mahomed Jaffer not being available owing to ill health, I have, in anticipation of sanction, authorized the appointment of Abdul Hakim, Revenue Probationer, and Sheik Abdulla, Deputy Inspector of Vaccination, as Ward Officers, as a temporary measure, and have also requested the Senior Surgeon to place the services of the latter at the disposal of the Deputy Commissioner and President, Mysore City Municipality.

Enclosure to the above.

Memo drawn up in the Town Hall after consulting the Deputy Commissioner and the Chief Plague Officer.

The Mysore City will be divided into three Wards and the following Officers will be appointed as Ward Officers with usual Ward Officers' allowance of Rs. 50.

As a temporary measure. { H. Narasing Bhon. / Abdul Hakim, Revenue Probationer. / Sheik Abdulla, Deputy Inspector of Vaccination.

As Abdul Hakim, is already a Magistrate of the 3rd Class, Narasing Bhon will now be invested with similar powers.

2. As there is no other Assistant Commissioner available for the purpose, the Vice-President will, for the present and in addition to his duties, be entrusted with the work of surveying and assessing condemned houses under Plague Regulation 6 A, published under Notification No. Pg. 723, dated 23rd December 1898.

3. The Ward Officers will assist the Vice-President in the matter of surveying and assessing condemned houses. I understand there are something like 400 houses which have been condemned but which, owing to want of an Officer to value them under the Regulation, could not be removed.

4. Seventy Supervisors have been allotted and distributed over the City. Their duties are the same as those they had to perform in the first epidemic. In addition to this, they will daily watch the progress made in filling up privy pits and introducing the daily conservancy system and also note how far the work of constructing drains ordered in the Plague Commissioner's Memo, dated 11th September 1900, has progressed and report the result to the Ward Officer, who will make a note of it in the Register to be opened for the purpose. It will be one of the duties of the Ward Officer to check the work done by the Supervisors in this direction when he is on his rounds, and bring any short-comings and delays in the execution of works of conservancy and drainage to the notice of the President of the Municipality.

5. The Supervisors will be instructed to explain to the people the benefits of English treatment and to bring without loss of time to the houses of such persons as are willing to avail themselves of this treatment, the Medical Officer assigned to the Mohalla.

6. The Ward Officer and the subordinates of the Municipality will similarly interest themselves in bringing medical aid to the people. A stock of stimulants and restoratives in addition to the necessary medicines, will be always kept ready in the office of the Medical Officer assigned to each Mohalla. There are now seven such Medical Officers available for treating plague cases.

7. It will also be one of the duties of the Supervisors and the Officers above them to explain to the people that medical aid and comforts which they cannot command at home are available at the Erangere Camp, where every arrangement for meeting caste requirements has been made, and induce both the patients and contacts to go to the camp.

8. The Supervisors should also instruct people not to handle dead rats but to remove them with a pair of tongs or with sticks, and burn them.

9. I have already instructed the Chief Plague Officer that no time should be lost in taking a census of the population. This he has promised to do on the 15th instant.

10. The President will be so good as to submit a weekly statement showing the progress made in filling up privy pits, building drains and demolishing condemned houses in the City.

No. Pg. 213-16, dated Bangalore, 15th September 1900.

Order thereon—The arrangements and temporary appointments referred to in the above, are sanctioned.

2. Ward Officer H. Narasing Bhon will, by a separate Notification, be invested with the powers of a Magistrate of the 3rd Class.

2. *Modelling Class.*—The amount provided for this class in the current year is Rs. 62 against Rs. 312 sanctioned for last year. This is to provide this class with sundry tools.

3. *Carpentry and Wood-carving Class.*—A sum of Rs. 92 has been provided for this class in the current year's budget against Rs. 142 sanctioned last year. This sum includes the cost of two dozen country iron plates for the use of beginners learning this trade.

4. *Blacksmiths' and Fitters' Class.*—This current year's grant of Rs. 120 is slightly in excess of the past year's grant. This is required for the propose of purchasing files, &c., for the daily use of the boys and to replace such as are worn out by long use.

5. *Masonry Class.*—Last year's provision of Rs. 112 is retained for the current year. A clinometer was provided for this class in last year's grant. As the instrument was not available last year it has to be obtained from the current year's grant.

6. *Pottery Class.*—A sum of Rs. 360 is provided for this class against Rs. 600 provided for last year. This is required for preparing two teak-wood tubs for keeping glazes for pottery and tiles as well as preparing small deal-wood frames for carrying mission tiles from the tile press to the drying sheds. This sum also covers the probable shipping and trainage charges on the drain-pipe socketing machine recently ordered from last year's grant.

7. *Rattan-work Class.*—A sum of Rs. 625 is provided for this class in the current year against Rs. 670 sanctioned for last year. This sum was provided last year for a Cane splitting machine as per Ransome's catalogue, page 143, 1892 Edition. As the latter have communicated their inability to supply this machine at present, it is intended to get this labor-saving machine from the current year's grant.

8. *Machine Class.*—A sum of Rs. 228 has been provided for this class in the current year's budget against Rs. 655 sanctioned in the past year. The sum provides this class with a few lathe chucks and other appliances which are badly wanted.

9. *Sundries.*—Last year's provision of Rs. 120 is retained in the current year to meet any unexpected charges such as variation in the price of tools, &c., usually caused by a rise in exchange.

ITEM II, MATERIALS.

Last year's provision is retained for the current year under all the seven headings of this item. The classes should always be supplied with a sufficient quantity of good and season timber, cane, iron, &c., as they should work without interruption.

ITEM III, SCHOLARSHIPS.

The provision of Rs. 3,300 made for the current year is the same as that of last year. This includes the sum of Rs. 900 provided for the Weaver's Class now working at Chamarajа Mogga. A revised scale of scholarships for each class in the school was submitted some months back for sanction. An early order is awaited to give effect to the increased scale of scholarships as the senior boys, who have passed the prescribed tests, are found to

leave the school as they have great inducements of higher wages outside the school. In this connection, I beg to submit that it is advisable to keep the best boys in the school on an increased scale of scholarship. As task-workers, they will set an example to the recruits, who are enrolled in the classes at all times of the year.

Item IV, Rent of Building.

Last year's privision is retained for the current year under the headings 1, 2 and 3 of this item. The amount in heading 3 is provided to meet the charges for constructing new kilns for pottery, tiles, &c., should the school move elsewhere in the current official year.

Item V, Contingencies.

(1). *Office and School Furniture.*—A sum of Rs. 200 is provided in the current year against Rs. 300 granted last year. This amount is required for paying artizans to make the required articles of furniture from teak-wood purchased from last year's grant. The same provision is retained for the current year under each of the sub-heads 2, 3, 4, 5 and 6, respectively.

Item VI, Wages of Temporary Establishment.

1 (a) Last year's grant of Rs. 120 (pay of wood-carver) is repeated for this year under this head.

(b) The same provision of Rs. 630 is retained under this head for employing artizans such as carpenters, sawyers, smiths, &c., to execute large orders if the boys alone cannot complete them owing to the limited number of working hours in the school.

2 (a) The current year's provision of Rs. 300 is slightly in excess of the past year's grant. This is to meet charges of three or four coolies who have to be employed in preparing clay for the manufacture of tiles. As the demand for mission tiles is growing day by day it is found necessary to maintain a good supply of tiles for sale. Under 2 (b) and 2 (c) of the same item the past year's grant is retained for this year.

Item VII, Establishment.

There are no additions or increases sanctioned by Government under this item, hence the figures under the head remain unchanged.

Item VIII, Weaving Industry.

No provision has been made in the year under this head as there are sufficient looms for the boys to work at Chamaraja Mogga.

Item IX, Night Classes for General Instruction.

Under this head the usual provision of Rs. 50 under (1) and Rs. 144 under (2) is retained in the current year's budget.

No 4691-92—Ed. F. 4-96, dated Bangalore, 27th September 1900.

Order thereon—*Receipts.*—The total receipts estimated by the Inspector General is Rs. 1,360 which is less than that of the past year by Rs. 1,270 or nearly 48 per cent. No explanation has been given as regards this large decrease.

2. *Expenditure.*—The figures under the Head II "Materials" are the same as those of the past year, while there is a small increase of Rs. 80 under the Head VI "Wages of Temporary Establishment," against a total decrease of Rs. 1,414 under the Heads I "Machinery and Tools" and V "Contingencies," resulting in a net decrease of Rs. 1,334. The items under these major heads are of a fluctuating nature and the amounts provided under them will therefore stand as also those under the other major heads which being of a fixed character show no variation.

As in the previous year, no provision has been made under the Head VIII "Weaving Industry."

3. With the foregoing remarks the budget estimates of Receipts and Expenditure of the Mysore Industrial School for the year 1900-1901 are sanctioned as per accompanying appendix of which an abstract is given below:—

Proceedings of the Government of Mysore,

READ—

Correspondence ending with letter No. 200—20, dated 12th July 1899, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. 3739-40—J. 424, dated 16th September 1898, inviting my attention to Chief Commissioner's Order No. 904-8—J. 157, dated 12th March 1875 and Government Order No. 7537-9—J. 861, dated 28th December 1896 laying down certain instructions for the management of the Yelandur Jahgir Police and requesting to state whether the orders laid down therein are enforced and, if not, to explain why they were not enforced, I have the honor to forward herewith copy of docket No. 203, dated the 28th December 1898, from the Deputy Commissioner, Mysore district, together with its enclosures in original, reporting upon the practice now obtaining in the matter.

2. It will be observed from the Deputy Commissioner's letter that the general administration of the Yelandur Jahgir Police does not rest with the Deputy Commissioner and the Police Superintendent, as enjoined in the Chief Commissioner's Order of 1875, but that, on the contrary, the Jahgirdar has reserved to himself the absolute right of making appointments and dismissals, &c., of the Police in his Jahgir and has not even observed the formality of obtaining the approval of the District Magistrate thereto. The Deputy Commissioner further states that the Amildar and the Inspector in the Jahgir carry on direct correspondence with the Jahgirdar in matters connected with the Police in the Jahgir and that he and the Police Department are not kept informed of the same.

3. The Deputy Commissioner does not explain why the Government Orders have not been enforced. It is probable that orders of the Government were not duly enforced by the District Magistrate at the time and the matter was lost sight of in the District Office since. The Jahgirdar may perhaps be able to explain the circumstances more fully, if referred to by Government. However, to ensure due compliance with the orders of Government, I would suggest that the following instructions may be laid down for future guidance of both the District Officers and the Jaghirdar.

(1) That the appointments, dismissals, &c., of policemen, other than constables of and below the grade of jamadars, be made with the approval of the Deputy Commissioner, Mysore district, and that of the Inspector with the approval of the Inspector General of Police, the same practice being observed throughout the Province.

(2) That the special diaries in cases investigated be submitted to the office of the Superintendent of Police, and in case of any irregularity occurring in the steps of investigation taken, the same be pointed out to the Inspector and, if necessary, brought to the notice of the Jahgirdar, who will intimate his orders to the Police Superintendent. If there should be any difference of opinion, the matter may be placed before the Deputy Commissioner, and referred to the Inspector General of Police for any further action that may be considered necessary.

(3) And that the Jahgirdar, Amildar and Inspector be directed to submit general diaries, and other periodical returns such as Leave and Punishment Rolls, &c., either prescribed or called for from time to time, to the Police Superintendent's Office without delay.

(4) In conclusion, I beg to request that the Jahgirdar of Yelandur may be instructed to favor the Deputy Commissioner and this office with such information as may be called for, without unnecessary delay.

2. Letter No. 3274—277, dated 19th March 1900, from the same Officer, bringing to notice that the Jahgirdar of Yelandur did not intimate to the Deputy Commissioner of the district, the leave granted by him to the Inspector of his Jahgir.

READ—

Report on the Administration of Criminal Justice in the Mysore State for the year 1898-99, received from the Registrar of the Chief Court of Mysore.

No. 3526—J. 377, DATED BANGALORE, 5TH SEPTEMBER 1900.

ORDER THEREON—*Number of Courts.*—The number of Courts subordinate to the Chief Court exercising original jurisdiction increased during the year under review from 142 to 166, while the number of those exercising appellate powers stood at 18 or 3 less than in the previous year. The District and Sessions Court of the Nundydroog Division was abolished and its original jurisdiction was assigned to the Chief Court, with effect from the 4th July 1898.

2. *Number of Cases and their Classification.*—There was a satisfactory decrease in reported crime during the year under review, the total number of offences of all kinds reported being 15,807 or 2,132 less than in the year previous. Of these, 13,345 cases or 84·4 as against 81·4 per cent in the previous year were returned as true and 13,066 cases involving 25,494 persons were brought to trial. Persons charged with offences affecting the human body were far the more numerous, being 10,884 as compared with 5,562 persons offending against property; 5,610 under other provisions of the Penal Code and 4,607 under special and local laws.

3. *Results of Trials held by Magistrates and their Duration.*—The number of persons under trial before Magistrates was 26,773 or 1,481 less than in the year preceding. Of these, 8,719 or 32·56 per cent were convicted and 16,537 or 61·77 per cent acquitted or discharged as against 27·69 and 66·98 per cent, respectively, in the previous year. The average duration of cases in the Courts of Magistrates during the year under review was 6·55 as compared with 5·77 in the previous year, while the percentage of cases undisposed of in relation to the entire file decreased slightly from 4·08 to 3·91.

4. *Working of the Preventive Jurisdiction under the Criminal Procedure Code.*—In the exercise of the preventive jurisdiction vested in the Magistrates under the Criminal Procedure Code, 29 persons as against 71 in the previous year were ordered to give security for keeping the peace or good behaviour, and 19 of them were imprisoned on failure to do so.

5. *Trials held by Justices of the Peace.*—Eleven cases involving 13 European British subjects were tried by Justices of the Peace during the year as against two cases involving two persons in the previous year. Four of those persons were convicted and 9 acquitted or discharged.

6. *Results of Sessions Trials and their Duration.*—Inclusive of those pending from the previous year, the number of cases committed to the Courts of Session (including the Chief Court) was 164, involving 435 persons. Of these, 233 persons or 53·56 per cent were acquitted, 181 or 41·60 per cent were convicted and one person died, leaving 20 persons pending trial at the close of the year.

It is satisfactory to note that while the number of witnesses examined by these Courts increased from 1,489 to 2,117 the average duration of cases in the Chief Court was slightly less, being 1·79, while in the Ashtagram and Nagar Divisions it was the same as in the previous year, *viz.*, 1·87.

7. *Classification of Punishments.*—There was no appreciable variation in the percentage of punishments of different kinds as compared with the results of the previous year. The percentage of whipping continued as low as 1·25, while there were no sentences of solitary confinement.

8. *Working of the Subordinate Appellate Courts.*—Turning next to the work of the subordinate Appellate Courts, it is observed that the total number of appeals for disposal was 670 involving 1,200 persons ,as against 802 involving 1,487 persons during the year preceding. Of these, 544 were before Magistrates and 126 before Sessions Courts. The percentages of reversals and modifications of sentences were respectively 32·31 and 12·15 in the Magistrates' Courts, and 30·32 and 10·63 in the Sessions Courts, as against 30·05 and 10·86 in the former and 21·30 and 12·50 in the latter in the previous year.

The average duration of appeals increased from 13·19 to 18·75 in the Magistrates' Courts, while before the Courts of Session it declined from 14·04 to 9·56.

9. *Results of Appeals to the Chief Court.*—In the Chief Court the number of appeals from convictions, including 24 cases pending at the beginning of the year, was 416 or 230 more than in the previous year. This very large increase is reported to be chiefly due to appeals from convictions for rioting and other offences committed in connection with plague preventive measures. The number of appeals preferred against orders of acquittal was five as against seven in the previous year, out of which one case was struck off the file in consequence of the death of the accused. The disposal of the above appeals is as shown below :—

	Appeals.			
	Against convictions.		Against acquittals	
	Cases.	Persons.	Cases.	Persons.
Appeals rejected or orders confirmed	262	340	1	1
Sentence reduced or altered	33	59	...	...
Orders reversed	75	113	2	2
Pending	46	52	1	1

The average duration of appeals increased from 31·55 to 33·91 days.

10. *Receipts and Expenditure on account of all Criminal Courts.*—The receipts of the Chief Court amounted to Rs. 806 and those of the Subordinate Criminal Courts to Rs. 74,606 or respectively Rs. 112 and Rs. 12,696 less than in 1897-98, while the total charges amounted to Rs. 3,60,515 or Rs. 22,691 more than in the previous year, which is attributed to the appointment of the District Plague Officer, Mysore, as a 1st Class Magistrate, and to the increased pay drawn by some of the Assistant Commissioners during the year.

No. 4515-24—J. 451, DATED BANGALORE, 22ND SEPTEMBER 1900.

ORDER THEREON—The District Magistrate, Chitaldrug, will be informed that the lands within the railway limits referred to comprise Mysore, not British Territory, though the jurisdiction over it has been ceded to the British Government and the Police of the Civil and Military Station, Bangalore, may pursue and arrest offenders in any part of Mysore without a warrant from a Magistrate in the same way as the Durbar Police. The arrests in question, therefore, were not in the opinion of Government illegal and no action is called for.

Letter No. 2052—481, dated 12th September 1900, from the Registrar of the Chief Court of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to the Proceedings of Government No. 3532-33—J. 382, dated the 5th instant, referring, for consideration and issue of such instructions to subordinate Criminal Courts as this Court may deem suitable, letter No. 4544, dated 3rd August last, from the Chief Engineer of Mysore, suggesting the enactment of rulings for postponement of Criminal cases brought against Government servants similar to those contained in the Government Proceedings No. 4668-79—Cir. 137, dated 25th September 1888, as regards Civil suits, I am directed to state that the rules referred to by the Chief Engineer were not issued for the information and guidance of the Courts, but of Government Officers against whose proceedings suits are filed. Rule 5 directs that when the time fixed for answering the plaint is not sufficient, the Officer concerned "shall obtain an extension of the same under Section 423 of the Code of Civil Procedure" which says "the Court upon such application may extend the time for so long as appears to be necessary."

2. The Judges think that it seems to be hardly within the province of this Court to prescribe rules similar to those referred to by the Chief Engineer for the guidance of Officers against whom proceedings may be instituted in the Criminal Courts, nor does it appear that any rule is necessary to authorize such Officers to apply to a Criminal Court for extension of time. The rules referred to do not contain any direction to the Courts, nor does it appear that any such direction is necessary.

3. If, in any case, an application for extension of time is unreasonably refused, it can be urged in a Superior Court as a ground of appeal or for revision. Such being the case, there seems to be no necessity for the issue of instructions such as suggested by the Chief Engineer.

No. 4586-87—J. 468, DATED BANGALORE, 25TH SEPTEMBER 1900.

ORDER THEREON—The above will be communicated to the Chief Engineer of Mysore, for information, in continuation of Government Proceedings No. 3532-33—J. 382, dated 5th September 1900.

Letter No. 4850—2-00, dated 22nd September 1900, from the First Assistant to the Resident in Mysore, to the Officiating Dewan of Mysore.

Under the orders of the Government of India, the Commissioners of Police, Bombay, Madras or Calcutta are required to obtain a non-objection certificate from the Resident before they can grant licenses for the export from British India into Mysore of arms and ammunition by any of the class of persons mentioned in Clause I of Home Department Notification No. 518, dated the 6th March 1879, who are not Gazetted, Civil or Commissioned Military Officers. When the applicants are not known to the Resident, a reference to the Deputy Commissioner of the district concerned as to the nationality, &c., of the applicant, is necessary; for there are in Mysore many Native Christians and others with European surnames, who have no claim to being European British subjects, but who seek to import arms as being such. These references are usually made to, and answered by, Deputy Commissioners direct; and the Resident understands that the Durbar have no objection to this practice. Complaints having been received from trading firms licensed to deal in arms and ammunition, especially from Messrs. Oakes & Co. of Madras, to the effect that there has been undue delay in supplying the demands of their customers, I am to suggest that the Deputy Commissioners in the Mysore State and the Special Magistrate at Kolar may be instructed to arrange for the prompt disposal of references made by this office on the subject.

Proceedings of the Government of Mysore,

Letter No. 296, dated 27th June 1900, from the President of the Local Fund Board, Kolar, submitting the explanation called for in regard to the District Fund budget estimates of Kolar for 1900-1901, sanctioned in Proceedings No. 13465-9—L.F. 40-99, dated 20th June 1900.

No. 3295-7—L.F. 40-99, DATED BANGALORE, 1ST SEPTEMBER 1900.

ORDER THEREON—In regard to the alteration of figures under "Opening balance," the President states that if the sum of Rs. 28,208, applied for by him for completing the incomplete works of previous years, be deducted from the opening balance sanctioned by Government, the balance would tally with the figure, *viz.*, Rs. 19,105, entered by him in the budget. It is observed, with reference to this, that as Government have only sanctioned an additional grant of Rs. 14,104 for the said purpose, in Proceedings No. 571-2—L. F. 46-98, dated 14th July 1900, and as large savings may be expected under this head owing to sanction having been conveyed after the close of the year, as well as under other heads, it does not appear desirable to disturb the balance already adopted, which will be retained, pending the receipt of the Comptroller's accounts.

Government Proceedings. Para 3. President's letter. Para 1.

2. The explanation of the President does not answer the point raised in the budget order and the reduction made under "Reserve grant" will therefore stand good.

Government Proceedings. Para 4. President's letter. Para 2.

3. As Lokanatha Mudaliar's and Haji Ismail Sait's chattrams are situated within the sanitary circle of the Kolar Gold Fields, the omission of provision in the budget for the supervision of these buildings is approved. As to the other variations noted under this para of the Government Order, the President explains that they were based on a resolution of the district Fund Board, according to which a uniform scale of establishment was adopted for all 3rd class travellers' bungalows in the district. As the sanction of Government was not obtained for the revision of the scale proposed, before the same was inserted in the budget, the President will make a separate reference on the point and obtain the orders of Government. Pending such order, the provision will be retained tentatively in the budget.

Government Proceedings No. 10046—L. F. 17-99, dated the 6th March 1900, approving of the Bye-laws proposed by the Sanitary Board, Kolar Gold Fields, under the Sanitary Rules of 4th September 1899.

Also letter No. 446, dated the 5th May 1900, from the President of the Sanitary Board, Kolar Gold Fields, (through the Deputy Commissioner, Kolar district,) submitting certain amendments to the above Bye-laws.

No. 4031—L. F. 17-97, DATED BANGALORE, 14TH SEPTEMBER 1900.

ORDER THEREON—The necessity for a revision of the Bye-laws in question so soon after they were sanctioned by Government is attributed primarily to the fact that they had not been fully discussed by the Members of the Sanitary Board before submission to Government. The Government view the circumstance with disapproval, and trust that the Board will in future avoid approaching Government with proposals which have not been carefully considered by them in the first instance.

2. The majority of the alterations now proposed appear to be more or less in the nature of an improvement. But the revised condition (1) under the schedule is open to exception in so far as it contemplates dispensing with the previous submission of plans and specifications in the case of bungalows and their out-houses. Government do not consider that the restriction proposed to be removed, which is believed to be in force in all leading municipalities everywhere, ought to be felt as irksome or vexatious by any class of persons. The proposal, which in itself is objectionable on principle, is moreover opposed to the provisions contained in Section IV of the Sanitary Rules of September 1899. The words "of bungalows and their out-houses and" in the revised condition must therefore be struck out.

3. With these observations the revised draft of the Bye-laws is approved and returned to the President of the Board, who will cause the same to be published as usual in Part II of the *Mysore Gazette*.

OFFICIAL MEMORANDUM.

A question having arisen as to whether the holding of meetings of Local Fund Boards every two months, as directed in Government Proceedings No. 6098-6106—L. F. 210-92, dated 1st November 1892, is necessary and attended with no inconvenience to public business, the Presidents of the several Local Fund Boards are requested to state whether the number of meetings may not be reduced to the minimum of four prescribed in the rules published under the late Chief Commissioner's Notification No. 110, dated 4th July 1874, and whether such meetings may not, as a rule, be held at the head-quarters, in view to avoid any inconvenience which may be caused to members by having to travel long distances.

2. The question may be considered at a meeting of the Board and their opinion recorded in the form of a resolution, which must be submitted with any remarks which the Deputy Commissioner and President wishes to make.

Official Memorandum, No. 2174—67-99, dated Bangalore, 14th August 1900.

Subject No 174. Sale of Amrut Mahal bulls for the use of raiyats.

The attention of the Officer in charge of Amrut Mahal Department is drawn to Subject No. 174 of the Dasara Representative Assembly Proceedings of 1899, and he is requested to submit a report on the result of enquiry ordered in the Government reply on the subject. It is noted that in para 3 of Government Proceedings No. 6999-7008—Cir. 123, dated 16th September 1891, the Government directed the sale to raiyats, at half the cost, of Amrut Mahal bulls for purposes of breeding.

Letter No. 541—F. 99,99-00 of the 25th August 1900, from the Military Assistant and Officer in charge of Amrut Mahal Department, to the Secretary to the Government of Mysore, General and Revenue Departments, Bangalore.

With reference to your Official Memorandum No. 2174—L. F. 67-99 of the 14th instant, I have the honor to inform you that, in accordance with Government orders, it has been the practice to sell Amrut Mahal bulls for breeding purposes to the raiyats through the Deputy Commissioners of districts.

2. However, these animals, with very few exceptions, have proved failures from various causes among which the chief is their wildness.

3. In fact, Amrut Mahal bulls, which have been accustomed to roam with the herds until full grown, may be considered practically useless for village stud purposes.

4. It was partly with the object of meeting this difficulty that I suggested to Government the advisability of establishing an annual market of Amrut Mahal cattle at Mysore during the Dasara where all the surplus young stock could be offered for sale.

5. This would give the raiyats of every district (through the Representative Members invited to attend the Assembly) an opportunity of purchasing a suitable young bull.

6. The Dewan has sanctioned the above proposal, but for the past two years, owing to the prevalence of plague, I have not been able to give effect to the scheme, and very few cattle have been offered for sale.

7. I hope, however, to be able to start these sales shortly, and will do so as soon as the seasons are more favorable.

8. In regard to the price of bulls purchased by raiyats at these auctions, a rule might be laid down that a rebate of half the price will be made on the production of a certificate from the Deputy Commissioner or other responsible Civil authority showing that the bulls purchased are intended to be used for breeding purposes within the Mysore Territory.

Correspondence ending with letter No. 5, dated the 3rd July 1900, from the President of the Municipal Commission, Bangalore City, submitting for confirmation Draft Bye-laws in connection with the newly imposed taxes and tolls on vehicles and animals, and explaining the reasons which prompted the proposal to exempt therefrom vehicles and animals belonging to members of the Municipal Commission.

No. 3947—L. F. 317-96, DATED BANGALORE, 13TH SEPTEMBER 1900.

ORDER THEREON—The Government do not concur in the reasons urged in support of an exemption of the kind proposed in favor of members of the Municipal Commission. The exemption contemplated in Section 37 of the Municipal Regulations is one which has reference to vehicles and animals belonging to, or employed in the service of, "the Municipal Commission," that is to say, the general body of Municipal Commissioners for the City (in other words, the Municipal Corporation), and not to those belonging to individual members in their private capacity. In the next place, such a relief from a trifling pecuniary burden imposed on them in common with the rest of the community, is not a suitable mode of "recognising the status of the Commissioners," on the contrary, it is, if anything, calculated to lower their reputation for disinterested public spirit in the estimation of the citizens, whom they represent. Under these circumstances, the Government regret they must withhold their assent to the exemption sought to be embodied in clause (c) of para 2 of Draft Bye-law No. II.

2. The other exemptions which, however, are not quite covered by the provisions of the Municipal Regulations in this behalf, may, nevertheless, be given effect to in anticipation of the passing of an amending regulation conferring the necessary powers, which is now before the Government.

3. With these remarks, the Government are pleased to confirm the Draft Bye-laws as appended to this Order. The President will have them duly published in the manner prescribed by the Regulations.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipal Commission, Bangalore City, with enclosures returned.

RECEIPTS.

2. *I. Octroi, IV. Tax on Vehicles and V. Tolls.*—The extension of Octroi duty to additional articles, *viz.*, timber, roofing tiles, piece-goods, sugar, bran, oats, chaff and horse-gram, and the introduction of the tax on vehicles and of tolls, sanctioned in the marginally noted Proceedings account for the increase under these heads. The estimates are passed.

(1) 3243—L. F. 194-94, dated 6th September 1899.
(2) 4251—L. F. 194-94, dated 27th September 1899.
(3) 7603-4—L. F. 194-94, dated 4th January 1900.

3. *VIII. Rents.*—The source from which an increase of Rs. 1,000 is expected under rent of markets, shops, &c., should be stated. Meanwhile the estimate will stand.

4. *X. Miscellaneous.*—In lieu of the contribution of two-third cost of the pilgrim chattram hitherto received from Local Funds General under Government Proceedings No. 3177-89—L. F. 91-92, dated 29th August 1892, only a moiety of the cost of the Epidemic Diseases Hospital is to be received as contribution from Provincial Funds under Government Proceedings No. 1291-3, dated 19th April 1900. The estimate is approved.

As the entire cost of the Health Office, including the allowance to the Health Officer, payable from Provincial Funds under Government Proceedings No. Pg.1291-3, dated 19th April 1900, is shown on the side of Expenditure, a sum of Rs. 2,400 will be entered on the side of Receipts under the head "Contribution."

EXPENDITURE.

5. *II. Head Office.*—The decrease is chiefly due to the omission of provision on account of contribution towards the cost of establishments in the Dewan's and Comptroller's Offices.

6. *III. Collection (A) Octroi and Toll Establishments.*—The undermentioned variations proposed in the budget account for the increase under this head :—

No.	Items.	1899-1900.	1900-1901.
1	Octroi Managers	2 at Rs. 11 each	.....
2	Toll Collectors	.....	2 at Rs. 11 each
3	Mutsaddi	1 at Rs. 6	.....
4	Peon	.....	1 at Rs. 6
5	Deputy Inspector	1 at Rs. 25+7	1 at Rs. 25+15
6	Increase of pay to peons	23 at Rs. 5	23 at Rs. 6 each
7	Additional peons	.....	19 at Rs. 6 each
8	Toll Collectors	.....	11 at Rs. 8 each
9	Rent	.....	1 at Rs. 10

(*a*) *Items 1, 2, 3 and 4.*—The proposed employment of two toll collectors on Rs. 11 each and a peon on Rs. 6 in lieu of the existing two Octroi Managers on Rs. 11 each and a mutsaddi on Rs. 6, respectively, involves no extra cost, and the continuance of the remaining items 5 to 9, which were provisionally sanctioned in Proceedings No. 555-59—L. F. 72-98, dated 13th July 1900, till the end of the past official year, is considered necessary in the interests of the Municipal Revenue. They are accordingly sanctioned and the provisions made therefor, approved.

7. *III. Collection (b) and (c) House and Mohatarfa Taxes.*—The necessity for the increase of contingent charges from Rs. 5 to Rs. 7 per mensem proposed under this head should be explained. Meanwhile the estimate will stand.

8. *IV. Conservancy.*—The variations proposed under this head are noted below :—

No.	Items.	1899-1900.	1900-1901.
	IV. (a) ESTABLISHMENT.		
1	Assistant Sanitary Inspector	1 at Rs. 45+10	1 at Rs. 45+15
2	Additional ditto	.....	1 at Rs. 50+15
3	Totis or latrine sweepers	.....	40 at Rs. 6 each
4	Sweepers at Rs. 6	.....	20 at Rs. 6
5	Ditto at Rs. 5	.....	20 at Rs. 5
	IV. (b) OTHER CHARGES.		
1	Dafadar	1 at Rs. 15	.....
2	Drivers	24 at Rs. 8	7 at Rs. 8
3	Care-takers	4 at Rs. 8	1 at Rs 8
4	Fodder and gram	24 pairs at Rs. 15	7 at Rs. 10
5	Contingencies	Rs. 25	Rs. 12

9. The increase under (a) Establishments is due to the provision made for additional hands and increase to the existing Sanitary Inspector, which having been considered to be necessary by Government in their Proceedings No. 7786-7—L. F. 72-98, dated 8th January 1900, was sanctioned tentatively up to the end of June 1900, in Proceedings No. 556-59—L. F. 72-98, dated 13th July 1900. As the President considers that the employment of this establishment is indispensable for the better sanitation of the City, the additional charges are sanctioned permanently and the provisions made therefor, approved.

(*ii*) (*b*) *Other Charges.*—As regards the diminished provision under this sub-head, the President explains that 17 out of 24 pairs of bullocks and carts purchased for the Amani system of conservancy were sold, and that provision is made for the remaining seven pairs of bullocks and carts with proportionate establishment required therefor.

10. *VI. Registration, &c.*—The marginally noted establishments sanctioned in Government Progs, No. 1291-3, dated 19th April 1900, and the employment of which tentatively up to 30th June 1900 was approved in Proceedings No. 556-59—L. F. 72-98, dated 13th July 1900, is hereby sanctioned permanently and the provisions made therefor passed. The Comptroller is however requested to state whether the consolidated monthly allowance of Rs. 29 recommended in para 7 of the Plague Commissioner's letter No. 7521, dated 9th April 1900, read in Proceedings No. Pl. 1291-3, dated 19th April 1900 is being

paid to the Registrars in addition to the charge allowance hitherto drawn by them for medical work in dispensaries.

11. *VII. Lighting.*—During 1900-1901, 1,150 lamps are proposed to be lit against 903 in 1899-1900. This accounts for the increase under this head, which is allowed.

12. *VIII. Public Works (a) Supervision.*—In addition to the increase of Rs. 5 per mensem to each of the four sub-overseers referred to in para 7 of Proceedings No. 7786-7—72-98 of 8th January 1900 and sanctioned tentatively till the end of June 1900 in the Proceedings No. 556-9—L. F. 72-98 of 13th July 1900, the present budget provides increases to 14 kalihats from Rs. 6 to Rs. 7 per mensem and to four others from Rs. 6½ to Rs. 7. The former item, *i. e.*, the increase to sub-overseers is now allowed permanently. The provision for the latter, *i. e.*, the increase to kalihats will be retained subject to the submission of a separate reference for orders of Government.

No. 11328-30—L. F. 131-97, dated 12th April 1900.

It is observed that the sanctioned rate of salary of the present overseer of the Municipality is only Rs. 50+15 per mensem, while the budget provides Rs. 80+15 as in previous years. The provision will be reduced to Rs. 780.

13. *IX. Charitable Grants, (a) Dispensaries.*—The provisions made for the four dispensaries to be newly opened in the City in accordance with Proceedings Pg. No. 1291-3, dated 19th April 1900, and for the increased charges of the existing dispensaries at Arlepete and in the Fort, which are in accordance with sanctions already accorded, are approved, subject to the submission in due course of definite proposals in regard to the establishment of the dispensaries in question.

14. *IX. Chattram Hospital (Epidemic Diseases Hospital).*—The present budget provides for the entire cost of the Epidemic Diseases Hospital, (the moiety thereof debitable to Provincial Funds under Proceedings Pg. No. 1291-3, dated 19th April 1900, having been shown on the side of receipt,) instead of for the cost of the Chattram Hospital, which till recently was met from Local Funds General and Municipal Funds in the proportions of two-third and one-third, respectively. The estimate is retained.

15. *IX. (e) Midwives.*—The usual provision under this head is omitted in the present budget, which provides for seven midwives under the head "Registration of births and deaths."

16. *IX. (c) and (j) Saint Martha's Hospital and Girdlestone Ward for Incurables.*—The President states that provisions made for these two institutions may be considered as savings, inasmuch as the necessity for the continuance of the grants to them no longer exists, owing to the establishment of new dispensaries and of the Victoria Hospital and Eye-Infirmary. As no charge is being incurred for the Ward the provision made for the latter will be struck out but that made for the former retained, subject to the submission of a separate reference in regard to the proposed discontinuance of the allowance and the final orders of Government thereon.

17. *X. Education.*—The provision under this head will be raised by Rs. 264, to meet the cost of an additional teacher on Rs. 12 per mensem and the increased rate of house-rent for the Chamrajendrapete Anglo-Vernacular School sanctioned in Proceedings No. 2354-55—L. F. 47-96, dated 17th August 1900.

18. The other items call for no remarks and are passed.

19. Besides the provisions made in the budget, the President appends a proposition statement of increases amounting to Rs. 197-4-0 per mensem in connection with schools, &c., for the consideration of Government. A separate reference should be submitted on the subject, on receipt of which orders will be passed by Government.

2. *I. Octroi.*—The net increase under this head is the result chiefly of variations in the estimates proposed for the below noted Municipalities. In some cases the variations are supported by the actuals of 1898-99 or the probable collections of 1899-1900 or both. But no data have been furnished justifying the estimates in the following cases,* which will be modified as shown against each :—

3. *VIII. Rents.*—The omission of an estimate under this head against "Markets" in Dodballapur requires explanation, pending which the estimate will stand.

6. *III. House-Tax and Mohatarfa.*—The new provisions made in the budgets of Dodballapur and Anekal under this head will be allowed to stand, but no appropriation should be made therefrom till the sanction of Government is obtained on submission of a separate reference.

*Sanctioned in Government Proceedings No. 8905-6, dated 1st February 1900

The increase of Rs. 3 per mensem provided for the mutsaddi at Anekal has already been sanctioned by Government, and the other items are also passed as they are explained to be necessary. It is, however, observed that no provisions have been made for the increases noted below sanctioned by Government in the Proceedings specified against each. The omission requires explanation.

8. *VIII. Public Works (b) to (o)*—Works proposed to be executed and provisions made therefor in the several budgets are approved, subject to the submission of detailed estimates for works costing Rs. 500 and upwards.

9. *VIII. Public Works (a) Supervision.*—The provisions made under this head do not correctly represent 10 per cent of the cost of works to be executed during 1900-1901. They will, therefore, be altered as shown below:—

11. The other items call for no remarks and are passed.

12. The budget estimates of the several Municipalities in the district are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

No.	Municipalities.	Estimated opening balance	Estimated receipts.	Total including balance.	Estimated expenditure	Closing balance.
		Rs.	Rs.	Rs.	Rs.	Rs.

	Total ...	22,419	44,091	66,510	47,997	18,513

13. From the above it appears that the closing balances in favor of Yalahanka, Devanhalli, Channapatna and Closepet are less than the prescribed minimum. The President is requested to effect savings in the sanctioned allotments in view to maintain the usual balance, unless the actual opening balance on 1st July 1900 should happen to be larger than the estimate adopted in each budget.

14. There was a very great delay in the submission of these budgets. The recurrence of such delays should be avoided. In future, when a budget is submitted after due date, reasons for such belated submission should invariably be given.

IV	Conservancy	29,398	29,526
VI	Registration of births and deaths	252	1,176
VII	Lighting	8,088	8,088
VIII	Public Works—

	(b) to (o) Works	40,310	30,600
IX	Charitable grants	6,975	6,975
X	Education	9,196	9,696
XI	Miscellaneous	24,882	21,849
	Total ...	1,40,437	1,32,446

2. The estimates under "Receipts," which are the same as those sanctioned in the revised budget for 1899-1900, except under "X. *Miscellaneous (a) Sale of houses and lands*" under which there is expected a decrease owing to diminished sale of houses and lands, are passed, subject to the submission of information as to whether the estimate of Rs. 50, under "Loom-tax" represents outstanding arrears.

3. *Opening Balance.*—The estimate proposed, *viz.*, Rs. 17,107, will be raised to Rs. 19,305, which is the closing balance for 1899-1900, as sanctioned in the supplemental budget for that year.

4. *Expenditure II. Head Office.*—The provision under this head includes only a moiety cost of the salary of the Vice-President, although the grant-in-aid of half of his pay hitherto borne by Government was ordered to be discontinued, with effect from 1st July 1900, *vide* Progs. No. 1329-30—L. F. 319-96, dated 26th July 1893. As the Government are not prepared to sanction the Board's proposal to continue the grant-in-aid hereafter, the provision under this head will be raised from Rs. 6,984 to Rs. 9,984 so as to admit of the full cost of the Vice-President's salary being met from Municipal Funds.

5. *IV. Conservancy.*—The increase under this head is due to provision made for the full year in the present budget, instead of for only a portion of the year, as in the budget of 1899-1900, on account of the increase already sanctioned to the salary of the Sanitary Inspector and the pay of the slaughter-house sweeper as well as to the hire of two additional conservancy carts. The provision is approved.

6. *VI. Registration of Births and Deaths.*—The provision proposed under this head includes Rs. 168, on account of allowance to Police Station writers for the registration of births and deaths. As this item was disallowed in Government Proceedings No. 11931-2—L. F. 63-99, dated 30th April 1900, the same will be struck out and the estimate reduced to Rs. 1,008.

7. *IX. Charitable Grant.*—The provision under this head will be raised by Rs. 480 so as to cover two-third of the cost of the marginally noted branch dispensaries under Government Proceedings No. 12322-5—L. F. 138-92, dated 12th May 1900 instead of only one-third thereof as heretofore.

1. Erangere.
2. Old Agrahar.
3. Nazarbad.

8. *X. Education.*—An increase of Rs. 500 is provided under this head on account of grants-in-aid to Pial schools. The estimate is approved.

9. *XI. Miscellaneous (c) Cattle-pounds.*—The omission of the provision of Rs. 33, sanctioned during 1899-1900, on account of the salary of a cattle-pound mudsaddi, accounts for the decrease under this head. The estimate is allowed.

10. The other items call for no remarks and are passed.

11. The budget estimates of the Mysore City Municipality for 1900-1901 are sanctioned, as per details given in the accompanying appendices, of which an abstract is given below :—
